CIA Report (2018-19 to 2022-23)

The continuous assessment of the students of history department has been conducted through out the afforesaid period based on MCQ test. Focus was given only to the courses related to Indian History as most of the job seeker preferred to appear in several government job examinations whose syllabuses cover vast areas of Indian history. Besides, the MCQ test is the standard format for many competitive tests. Therefore, in light of preparing students for the future, the department decided to administer this particular test format. At first, this exam was only available to honours students. However, starting from the post-COVID period, general students were also allowed to participate.
